

Jointly provided by Swedish Neuroscience Institute and Pacific Vascular, this program has a nationally recognized faculty with diverse areas of specialization, a comprehensive and in-depth curriculum and hands-on sessions with patient models utilizing a variety of TCD and TCD Imaging systems. The program also includes a case-study-based physician interpretation track led by practicing stroke neurologists and neurocritical care specialists, Andrei Alexandrov M.D.; Aaron Stayman M.D. and Arthur Lam M.D.

The three-day course is held at a state-of-the-art educational facility conveniently located at the acclaimed Swedish/Cherry Hill Hospital campus in Seattle WA.

Swedish Medical Center designates this educational activity for a maximum of 23.25 AMA PRA Category 1 Credit(s) <sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
