NEUROIMAGING FELLOWSHIP
July 1, 2016 – June 30, 2017

A UCNS approved fellowship position is available in Neuroimaging at Hattiesburg Clinic. This is being offered for certified or board eligible neurologists.

Hattiesburg Clinic was formed in 1963 with 10 physicians and has grown to a present complement of over 270 physicians. As Mississippi's largest physician owned multi-specialty group, Hattiesburg Clinic is a major contributor to an excellent healthcare delivery system serving a patient population of 525,000.

Dr. Szatmáry is fellowship trained in neuroimaging and neuro-ophthalmology. She also serves as an affiliate faculty member at the Department of Ophthalmology at The University of Mississippi Medical Center in Jackson, Mississippi. Dr. Szatmáry is the Neuroimager and the director of Neuro-Ophthalmology at Hattiesburg Clinic.

Neuroimaging fellowship faculty at Hattiesburg Clinic includes the following physicians with their subspecialties:

- Gabriella Szatmáry, MD, PhD, Neuroimaging Fellowship Director/Neuro-Ophthalmology
- Ronald L. Schwartz, MD, CPI – Nuclear Medicine/DaTscan
- Jose P. Fernandez, Jr., MD - Stroke Director
- C. Scott Lynn, MD - Ultrasonography

The educational experience consists of a series of clinical didactics, personalized image review, and neurology/neuroimaging grand rounds. Your experience will also include training in advanced imaging techniques and interpretation, including PWI, fMRI, MRS, DWI/DTI, and SWI.

For additional information, please contact Nena Mauritz at
nenamauritz@hattiesburgclinic.com or 601-268-5620.
