

A Joint Conference on NeuroInnovations

From the entrepreneurs in neurodiagnostics and neurology.

PRACTICE INNOVATIONS WILL ENABLE YOU TO THRIVE IN THE CHANGING HEALTHCARE LANDSCAPE

This year, ASN is collaborating with the largest and most successful neurology group practices to feature a unique *Innovations Hall*, where you will be able to see, touch and learn about breakthrough technologies in both neurodiagnostics and the practice of neurology. Learn about the role of neuroinformatics, artificial intelligence, remote patient monitoring, workflow automation, eConsults and more. Use precision medicine to identify patients for clinical trials and new treatment solutions. Effortlessly create concise documentation that supports the new world of value based payments and networks.

IMAGING TRAINING MAKES FOR BETTER NEUROLOGISTS

The American Society of Neuroimaging (ASN) offers all neurologists, APPs, scientists and sonologists training and updates in neurology applications of ultrasound, MRI, CT and nuclear medicine. Whether your goal is to improve your confidence in what imaging to order, prioritizing differentials, fellowship training to become a primary reader, or participating in the new world of neuroinformatics and teleneurology consultations, the ASN is here to help you.

- Neuroimaging & clinical neurology in one place
- Right-sized & scheduled to promote interaction, NOT Death by Powerpoint
- Cool new tools and strategies on how to survive and thrive in a volatile healthcare landscape
- Bringing together diverse professionals from a wide-range of industries in the field of neurology
